

Savings Bonds—Redemption and Reissue Instructions for Administered Estates

NOTES: The forms identified in this publication and more [information on administered estates](#) are available at www.treasurydirect.gov.

IMPORTANT INSTRUCTIONS

All bonds must be described by serial number on any form submitted. All bonds must be signed in the presence of an authorized certifying officer, available at many financial institutions. The certifying officer must sign, include his or her title, and affix the institution's official stamp or seal. On forms, signing requirements vary; see instructions on the form.

For transactions involving administered estates:

- Provide a certified copy of the letters of appointment, with a legible seal of the court having jurisdiction. Letters of appointment are valid for one year from the date they are issued. If that time has passed, provide an updated copy of the letters of appointment, with a legible seal or stamp, showing they are in full force and effect and have not been revoked.
- If more than one person is named on the bonds, provide certified copies of the death certificates for both. Each death certificate must be certified or sworn to by the state or local registrar, with a legible seal or stamp, as a true and correct copy taken from the official records. It is not necessary to provide a death certificate for the last-deceased bond owner if the date of death appears in the letters of appointment.
- We don't return death certificates or other legal evidence.
- When we reissue a Series EE or Series I savings bond, we no longer provide a paper bond. The reissued bond is in electronic form, in our online system TreasuryDirect. For information on [how to open an account](#) in TreasuryDirect, go to www.treasurydirect.gov.

TO CASH BONDS FOR A DECEDENT'S ESTATE:

- Series EE, Series E, and Series I bonds can be cashed at a local financial institution. Some of these transactions may have to be forwarded for further processing. Series HH and Series H bonds must be sent to one of the addresses shown at the bottom of the following page. Submit the bonds with the appropriate evidence and applicable form(s) for processing.
- If the bonds cannot be cashed at a local bank, the legal representative of the estate must complete a *Special Form of Request for Payment of United States Savings and Retirement Securities Where Use of a Detached Request Is Authorized* ([FS Form 1522](#)). The legal representative must provide his or her official title and the estate identification number, if one is available.

Special Information for Series HH and Series H Bonds

- **Interest Penalty:** No interest payments are made after a Series HH or H bond is cashed. The bonds will be paid in the month they are submitted and no further interest will be paid. If the HH account has held interest due to the death of the bond owner, the held interest will be released after the bond transaction.
- **Interest Reported:** If there is a typed or handwritten amount on the face of any Series HH or H bond, that amount will be reported to the IRS for the tax year of the redemption or for the year the bond reaches final maturity, whichever comes first. This amount represents interest that was earned on the Series EE or E bonds and/or savings notes that were exchanged for the HH or H bond with tax deferral privileges. You will not receive a payment for this deferred amount as the interest was applied to the purchase price of the HH or H bond. A Form 1099-INT reflecting this amount will be provided for the

year the bonds are cashed or reach final maturity. Please note, all HH bonds reached final maturity in August 2024, so the 1099 will be issued after after the tax year has ended.

TO REISSUE BONDS IN THE NAME OF A DECEDENT’S ESTATE:

- The legal representative of the estate needs to complete a *Request To Reissue United States Savings Bonds* ([FS Form 4000](#)).

TO DISTRIBUTE BONDS TO THE PERSONS ENTITLED TO AN ESTATE:

- The legal representative of the estate needs to complete a *Request by Fiduciary for Distribution of United States Treasury Securities* ([FS Form 1455](#)) showing distribution is being made to the person(s) entitled.
- **If the persons entitled want to reissue the bond(s):** Each person entitled to the bond(s) must complete a *Request To Reissue United States Savings Bonds* ([FS Form 4000](#)).
- **If the person entitled wants to cash the bond(s):** The person entitled to the bond(s) must complete a *Special Form of Request for Payment of United States Savings and Retirement Securities Where Use of a Detached Request Is Authorized* ([FS Form 1522](#)). The Taxpayer Identification Number and address of the person entitled must be provided.
